Games will have a 2 hour limit.

Results

The Overall Results will be 50% comp, as marked by a panel of judges (1/2 local, 1/2 from other areas), and 50% battle.

Painting

You will need to have your army painted to 3 colour minimum to get in the places.

The following will apply as a penalty for non-painted armies.

Unpainted, no undercoat, nothing: 5 BP penalty per game, and no secondary objective points

50% + Painted, but some unpainted/undercoat only models: No secondary objective points

> 5 models unpainted: 2 BP per game penalty

*** This means you lose 41/120 possible points if you haven't got a painted army.

*** You lose 21/120 possible if you only have undercoated models.

You will not lose points if your models are not based, or painted to a high level.
